MRS. RORER COMING

To Deliver a Course of Lectures at the State Normal.

The great cooking teacher, Mrs. S. T. Rorer, will be the attraction at the State Normal the latter part of next week.

Mrs. Rorer will arrive about April 6th and will remain for about one week demonstrating to the students of the Domestic Science department the best method of cooking.

Mrs. Rorer will make a popular lecture on the science and art of cooking. This will be the sixth entertainment in the Normal course.

Those ladies desiring to be admitted to all of Mrs. Rorer's lectures and demonstrations before the students can secure tickets for $1. Those ladies holding regular tickets to the Normal entertainment course can secure tickets of admission to the class for the entire week at the nominal cost of fifty cents.

Will Open Soon.

The entire stock of goods at the Guilford Department Store has been closed out to Mr. Caesar Cone. D. Bendheim & Sons will open on or about April 15th an entirely new stock of dry goods, notions and fancy goods in the store formerly occupied by and known as the Guilford Department Store.

This firm has the reputation of being leaders up north in their line of business, and the people of Greensboro and surrounding country may look for a strictly up-to-date establishment. Much success to the new firm.

RUSSIA TO GREAT BRITAIN.

Willing to Assure Her as to the Duties at Ta Lien Wan.

London, March 30 — The Daily Graphic this morning says:

"We understand that Russia is willing to give Great Brittain assurances that while Ta Lien Wan is held on the present lease hold tenture, the duties shall not exeeed seven and one half per cent., which will assimilate the Ta Lien Wan tariff to that existing at other Chinese ports, and will include the local Likin dues. We believe that the object of Russia's withdrawal from Corea was not to propitiate Japan, but to deprive Great Britain of a pretext for re-occupying Port Hamilton."

Attention H. and L. Members.

The regular monthly meeting of the Hook and Ladder Company No. 1 will be held in the hall Thursday evening at 8:30. Every member is requested to be present.

TEMPORARILY RESTRAINED.

By The Earnest Appeal of President McKinley.

NEGOTIATIONS IN PROGRESS.

The Administration "Simply Waiting for Definite Reply From Madrid."

By Wire to THE TELEGRAM.

Washington, March 31—Today's developments in Madrid may decide the question of peace or war. That Cuba must be free has already been determined by the people of the United States and Spain has been notified that there must be an immediate cessation of hostilities.

Congress will not wail longer after Monday. It is temporarily restrained now only because of the earnest appeal of the president to allow him time to complete his case by making peremptory demand upon Spain. After Monday congress will deal with Spain sharply. Congressman Grosvenor said after an interview with the president today:

If Sagasta takes immediate action on the demand of the United States we should have the reply by two o'clock today. Of course this is in the event of no delay on the part of the Spanish government in transmitting the decision. The scheme for the purchase of Cuba formed no part of the demands or suggestions made to Spain.

WAITING ON SPAIN.

Washington, March 31—After a conference wilh the president some of his official advisers this morning stated at the White House that no message would be transmitted to congress today. In all probability diplomatic communications between the Washington and Madrid governments makes unforseen developments possible.

Mr. McKinley states the situation to members of congress as follows: The administration is simply awaiting a definite reply from Madrid. Negotiations are in progress and all will depend upon the effect of these. The administration desires to avoid anything tending to the precipitency of undue haste or action in a matter so fraught with the gravest consequences and is hoping that the issue will come to a definite and early adjustment.

If settled peacefully it will be most gratifying and if a satisfactory conclusion cannot be reached within the day the administration will still hope it will be effected before the week ends. In the meantime he advises that no radical or excited talk be indulged in.

THE "PURCHASE" IDEA.

Washington, March 31—Congressman Grosvenor said today after a visit to the White House that he was confident the administration had not made any proposition to Spain based on the purchase of Cuba by the insurgents. Senator Hawley is equally confident that the purchase idea is not a part of the administration's proposition.

FLYING SQUADRON RECEIVES ORDERS.

Washington March 31—Commander Schley has been ordered to have the flying squadron at Hampton Roads ready for duty at a moment's notice.

SENATE DOINGS.

Washington, March 31—Senator Frye, in the senate today, moved to recommit the resolution calling for Cuban correspondence. Senator Allen took the floor to speak for the independence of Cuba.

COMMITTEES DO NOTHING.

Washington, March 31—The senate and house committees on foreign relations took no action today. The house spent the day considering the naval bill.

A GHASTLY FIND.

Supposed to be the Body of W. H. Reid, of Mason County.

Anderson, S. C., March 30—Two workmen in the Long Creek section of Oconee county made a ghastly find on Saturday while drinking from a small stream.

They found lying in the stream the half decomposed body of a white man, upon which vultures had been preying. A coroner's inquest was summoned this morning and the body indentified as that of W. H. Reid, of Macon county, North Carolina. The verdict of the jury was that death resulted from causes unknown.

A MILLION DOLLARS

To to be Appropriated by the State of New York.

By Wire to THE TELEGRAM.

Albany, March 31—Governor Black today sent a message to the legislature of New York recommending that a million dollars be appropriated to defray the expenses of the national guard and naval militia volunteers from this state in case of war with Spain.

Assemblyman Nixon introduced a bill carrying out the governor's recommendation.

BILL PASSED AND SIGNED.

Albany, Mar. 31—Both houses have passed and the governor has signed within an hour and a half the bill providing for the expenditure of a million dollars for the state militia and naval reserve to place them on a war footing when the governor deems it necessary. The amount is to be made a general tax for the next fiscal year.

Zola Verdict Affirmed.

By Cable to THE TELEGRAM.

Paris, March 31—The court of appeals to day affirmed the verdict of the lower court in the case of Zola, but it is not thought that the sentence will be put into effect. The sentence will probably be remitted.

Emphatic Denial.

By Wire to THE TELEGRAM.

Washington, March 31—It is emphatically denied here this morning that ex-President Harrison's visit here is for the purpose of going into the cabinet.

Annapolis Sailed North.

By Wire to THE TELEGRAM.

Key West, Mar. 31—The practice ship Annapolis sailed north this morning to deliver her well trained apprentices to other vessels and to take on a new lot.

Spanish Soldiers Reported Killed.

By Wire to THE TELEGRAM.

Key West, March 31—It is reported here that an explosion at Matanza this morning killed seventy-five Spanish soldiers.

Steve Brodie Dead.

By wire to THE TELEGRAM.

Adrian, Mar. 31—Steve Brodie, the celebrated bridge jumper, died suddenly in a railway train this morning.

CONGRESSMAN RESIGNS

To Form a Regiment in Case of War With Spain.

New York, March 30—Representative Robert F. Broussard, of Louisiana, has tendered his resignation to the governor of his state, to take effect immediately upon a declaration of war with Spain, says the Washington correspondent of the Herald.

Mr. Broussard left for his home in Louisiana where he expects to form a regiment which he will command in the event of war, which he says is sure to come.

"I have been in receipt of hundreds of letters from citizens in my district, said he, "offering their services in case of hostilities and I have decided to organize a regiment of my own. I have spoken and voted and will speak and vote for war and I am willing and anxious to back up my vote and words with a sword or musket."

CLASSICAL CONFERENCE.

Prof. Harrington Will Represent the Universfty.

Chapel Hill, N. C., March 30—Prof. K. P. Harrington, of the Latin department, left this morning to represent the University at the Classical Conference to be held at Ann Arbor, Mich., on March 31st and April 1st. This conference is held under the auspices of the committee of twelve of the American Philological Association, and has for its object to bring together representatives of the schools, colleges and universities in the different parts of country for the discussion of questions pertaining to classical study and for the presentation of matters of interest to teachers of the classics.

Child Badly Burned.

A two year old child of John A. Newson, corner of Fifth and Hickory streets, East Winston, fell in the fire at noon today and burned its arms and face. Dr. Bynum was called and dressed the burns. He says they are severe but not serious.—Winston Journal.

SPAIN TO EUROPEAN POWERS

Says She Cannot Recognize the Independence of Cuba.

PARIS AND LONDON VIEWS.

The Proposed Mediation of the Powers Refers Solely to the Disaster of the Battleship Maine.

By Cable to THE TELEGRAM

Paris, March 31—The statement comes from an official source here that the chief difficulty between Spain and the United States arises from the proposal of the Washington government to proclaim armistice on the island of Cuba to which proposition Spain will not consent. On the other hand Spain has informed the European powers interested that she cannot recognize the independence of Cuba but will grant to that island the largest degree of autonomy.

BEARING ON THE WAR CRISIS.

Cable to THE TELEGRAM.

London, Mar. 31—The request of the Austria-Hungarian government for fifty-million florins to increase the navy is generally credited here, and is regarded as having a direct bearing on the Spanish-American war crisis.

SPAIN'S ULTIMATUM.

London, March 31—It is stated on good authority that the Spanish government is willing to concede to Cuba a system of autonomy similar to that of Canada. That this is the utmost concession the government will make and rather than grant independence she will go to war.

SOLELY TO THE MAIN DISASTER.

Vienna, Mar. 31—The proposed mediation of the powers between Spain and the United States refers solely to the loss of the American battleship Main.

CABINET CONFERENCE AT MADRID.

By Cable to THE TELEGRAM.

Madrid, Mar. 31—At a conference of Sagasta and the conservative leaders, the premier unfolded the terms proposed by the United States. The leaders of the opposition counselled the rejection of the terms. Sagasta replied: "I am personally opposed to their acceptance and I would like to submit the question of the loss of the Maine, which was not touched upon at my conference with Minister Woodford, to the European powers."

Probing a Humbug.

The yellow kid made a call on ex-President Cleveland, a few days ago, and had his ears clipped. One of the yellowest of the yellow papers got up a scheme to raise funds for a monument to the Maine's dead and to advertise itself and to further its aims sought to secure the names of a number of prominent men as members of its monument committee. Among the letters which it sent out was one to Mr. Cleveland, and it brought this reply over his signature:

"I decline to allow my sorrow for for those who died on the Maine to be perverted to an advertising scheme for the New York Journal."

There are some people who are not able to probe a humbug through and through at first glance, but Mr. Cleveland is not one of these and when a rap on the knuckles is needed, he knows how to give it.—Charlotte Observer.

Pitiable and Shameful.

That was a pitiable and shameful confession made by the populist railroad commissioner, Mr. L. C. Caldwell. His town paper, the Statesville Landmark, states that he frankly admits that in his recent vote reducing the railroad rates "he voted against his better judgment and foolishly yielded to the clamor of politicians!" He even admitted that the commission had no evidence to sustain its action!

Now, what would be thought of any judge, or even an ordinary juror, who would decide a case with no evidence? —Chatham Record.

Schooner Wrecked.

Halifax, N. S., Mar. 30—The schooner Olivette, from Porto Rico for Halifax, with molasses, is a total wreck on Thrum cape, at the entrance of Halifax harbor. The crew were saved.

Volunteers Ready.

San Francisco, Mar. 30—The first California volunteers have been organized in this city. The company roster has been sent to the secretary of war, with an application to be enrolled in the event of war with Spain. There are 75 names on the roll.

VIRGIL WANTS TO FIGHT.

His Patriotism Broad Enough to Cover the Nation.

And now Virgilius Supercilious Lusk, of Asheville, has joined the caravan of home-made colonels, and anxious patriots that are perambulating the country spoiling for a chance to go to Cuba and wipe out the Spanish invaders. He seats himself to drop the governor a few lines, as follows:

"In the event of war between the United States and Spain I have the honor herewith to tender through you my services to the state of North Carolina to serve in any capacity your Excellency may deem proper to assign me. I have four years of military experience as a Confederate soldier; patriotism broad enough to cover the entire United States, and in the name of liberty and suffering humanity with elasticity sufficient to extend to the whole of Cuba."

Somewhat after the same manner writes T. H. Brame, from Mitchiner, N. C.: "In view of the pending circumstances between Spain and the United States, allow me to say that you can command my services at any time. As to my record in the Confederate army I respectfully refer you to General R. F. Hoke, of your city."

Give Sigsbee a Ship.

There is no possible way in which the administration can more clearly show its thorough belief in the accuracy of the court of inquiry's report as to the nature and cause of the Maine disaster than by at once giving Captain Sigsbee the command of another man-of-war.—New Orleans Times-Democrat.

More Accurate Service in Greensboro Than Baltimore

Mr. C. M. Vanstory had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstory sent the old lenses with an explanation to the occulist who had given the prescription and in reply received the following;

Patriotic congressmen remember that this is election year.

John Evans will probably hail hanging day as a pleasant relief from present conditions.

Despite the best of intentions Mr. McKinley is experiencing some difficulty in delivering the goods.

The President's policy toward Cuba is the first instance in history of compulsory good samaritanism by wholesale.

Mr. McKinley has discovered that the fondness for milk toast is somewhat less acute than he had anticipated.

Railroad Commissioner Caldwell should be required to give bond not to be led away by the importunities of politicians any more.

The cold wave in the northwest that is moving eastward seems to have made its preliminary manifestations in the spinal region of our esteemed president.

The President, who does not have to stand for re-election until 1900, and those congressmen and senators whose terms expire this fall seem to see things from somewhat different points of view.

The burden of harmonizing his own ideas of what he should do with the ideas of others became so great that Chairman Caldwell, of the railroad commission, was compelled to find relief by retiring from office.

There is at least some pleasure in knowing that if governing in this country is a matter of bargain and sale that the parties to the transaction object to its being carried on ostentatiously just when the eyes of the whole world are drawn upon them.

Colorado is making a special effort to grow sugar beets and the legislature has made an appropriation for that purpose. Meantime the states in the effete east will continue to grow the usual luxuriant crop of dead beats without any paternal supervision from their legislatures.

The talk one hears of Fitzhugh Lee being nominated for the presidency or vice-presidency is the merest nonsense. Such a course would speedily make him as unpopular as he is now popular. Political preferment is the very poorest reward for duty well done. General Lee already has the reward of his brave, simple manhood in the hearts of the American people. It is enough.

If those cheerful observers of public events who are now of the opinion that John Bull has crawfished in the far east will only keep their eyes upon that rotund personage they will learn that as usual he is backing water for a consideration. In the final division of spoils his share will not be a jackal's portion. He has been in the free booting business for some centuries now and it is not for parvenus like Russia and Germany to beat him at his own game.

The encouragement that the promoters of the public library are meeting with is very gratifying. Greensboro needs a good many things and she seems to be on the fair road to getting at least part of them. She needs a new depot and it has been promised her. She needs a public library and from present indications she will have it. She needs a complete sewerage system and when she has had a little experience with some fresh ideas or an epidemic of sickness she will have that. She needs a better system of street lighting and she will get that so soon as the board of aldermen take a firm stand for it.

General News in a Nutshell.

A Mr. Holy, of Jefferson county, Mo., was arrested a few days ago for disturbing a religious meeting. Still, there's something in a name, for one of the prominent hostelries of Clay City, Ky., is called the Eaton House.

The London Gazette has awakened to the fact that the Queen's Jubilee took place last June, and has just published an elaborate account of the celebration.

Captain Jack Haynes, of St. Louis, is said to be the oldest veteran soldier in the world. He is 110 years old and fought with Jackson at New Orleans.

Walter Ralston, who travels for the Smithsonian Institution, has made a special study of poisonous insects and reptiles and has been fanged over 200 times.

Until very recently the school children of Berlin have been conducted to and from their schools in special omnibuses, lest their manners and morals should suffer if they rode in the public tramcars. They have been indulging in so many fights and otherwise so misconducting themselves that the special omnibus service has been discontinued.

Minnesota has a law to encourage tree planting. A bounty of $2.50 an acre is offered, and at least one acre must be planted, while no one person can collect for more than ten acres in one year or for more than six years.

Some paper cannon have recently been completed for the German army which, however, are not expected to replace those of metal. They are merely intended for use in portions of the field where the taking of metal guns is impracticable.

The most widely separated points between which a telegram can be sent are British Columbia and New Zealand.

The month of February is especially rich in birthdays of eminent Americans, prominent among whom are Washington, Lincoln, Longfellow and Lowell.

BOY SHOT BY WATCHMAN.

Watchman Says he Fired to Scare the Boy and His Comrades.

Patterson, N. J., March 30—Wm. Johnson, 12 years old, was shot in the breast by Patrick Nichols, a watchman employed to guard the new courthouse, which is now being built. Johnson was one of a crowd of boys who were playing around the place and had given the watchman much trouble lately.

Johnson had climbed upon the fence and Nichols says he fired the shot to scare the boys as all other means had failed to drive them away.

The injured boy was taken to the hospital and is in a critcal condition. Nichols was arrested.

The Exposition Car.

The North Carolina Rolling Exposition car reached Danville yesterday morning and was opened to the public as soon as it arrived. It contains a full and complete assortment of woods fruits, minerals, ores, gold nuggets and agricultural products of the Old North State.—Danville Register.

Junta Chief in Washington.

New York, Mar. 29—Delegate Palma, the head of the Cuban Junta in this country, left orders at the Junta here to declare to all reporters who called that "the Cuban army will never stop fighting until Spain recognizes the independence of Cuba, or evacuates the island and surrenders Havana to Gen. Gomez."

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, constipation, dizziness yield to Electric Bitters. 50c. and $1.00 per bottle at C. E. Holton's drug store.

GUILTY OF FRAUD.

The Cases of Teasurer Worth Against Stewart Brothers.

The Supreme Court of North Carolina has decided that Stewart Brothers, of Winston, state printers, are guilty of fraud in the matter of the public printing and now a referee will have to be appointed to find out how much the state is entitled to recover in the way of damages and overcharges from the said Stewarts. It is thought the overcharges will amount to something like $12,500.

Why were the overcharges ever paid to Stewart? Did not the officials in Raleigh have the original copy of the state's contract with Stewart? Did not the state have a representative on the examining board which passed upon Stewart's bills? What were all the officials of the boasted reform government down at Raleigh—those who were going to economically manage he state's affairs and save the people money—those solomonic populistic financiers doing when they allowed two country boys, who drifted from the crags of the Sauratown mountains into Winston, to actually draw money out of the state's treasury to which they were not entitled?

If two country boys like these, whom some of the solons have laughed at for their ignorance, can pull the wool over the eyes of a legislature and in broad open daytime, while the board of examiners, the state auditor and the state treasurer are all looking, actually roll up and stuff down in their pockets twelve or fifteen thousand dollars of the people's money which they have never earned, then they should be forgiven, and the people should take a whirl at the machine and put men in charge of the purse strings whom a rustic country lad from the wilds of some dense mountain forest cannot rob.

To Build 100 Torpedo Boats.

Washington, Mar. 30—The failure of the United States to procure as many torpedo craft as desired abroad has caused the Navy Department to consider means for constructing a large number of these vessels at home in as short order as possible.

Chief Constructor Hickborn and Chief Engineer Melville have made out a scheme for constructing 100 efficient, but not elaborate, craft of this character, which could be built in less than five months, at a cost of not over $7,500,000.

It is believed that the construction of such craft will be authorized if war comes, immediately, if the settlement of the Cuban question hangs fire another week.

Indian Currency Question.

London, March 29—The house of commons was occupied for some time time today in a debate on the Indian currency. George Hamilton, secretary of state for India, admitted that it would be impossible to re-open the mints without some international arrangement, which at present seems out of the question.

Mineral Lands to be Sold

By virtue of an order of the Superior Court of Guilford county. I will sell at the county court house door, for ready money,

ON SATURDAY, 16th of APRIL,

at 2 o'clock p. m.,

the following real property, and interest in real property, to-wit: Five acres of land carved out of the Hodgin gold mine tract, in Guilford county, bounded as follows: Beginning at a stone about 10 rods westerly from the deep shaft in the mill building; thence south 40 degrees east 40 rods; thence east 40 degrees north 20 rods; thence north 40 degrees west 40 rods; thence west 40 degrees south 20 rods to the beginning, and also the mineral right in and to the remaining hundred acres in the said Hodgin gold mine tract, with privilege of ingress and egress at any and all times for mining and prospecting purposes,

This land and right and privilege is sold to make partition among the heirs at law of the late James V. Pomeroy.

March 12th, 1898.

I feel it my duty to testify to the superior merits of "Rice's Goose Grease" as a cough cure. On Friday night the 7th inst I coughed almost the entire night. Cough syrups etc. failing to bring any relief whatever. On the following night I decided to test the virtue of your remedy by bathing my chest thoroughly with it and going to bed, and I tell you honestly I never slept sounder in my life. I take pleasure in commending "Rice's Goose Grease" to those who may be in need of a cough cure.

Wishing you much success. I am

The Lamp that lights the way to Good Health

is a bottle of the greatest of all blood purifiers—

Johnston's Sarsaparilla

QUART BOTTLES.

This great blood purifier and nerve tonic, cures diseases by removing from the system, the conditions which produce them. It expels all poison and impurity from the blood. It acts upon the nerves as a stimulant, particularly upon those nerves belonging to the great organs of the body; therefore, it causes the heart to beat with greater force, the lungs to take in more oxygen and to expel more carbonic acid; it induces the kidneys to send off more of the poisonous excretions from the blood; the bowels to have more regularity and healthfulness in their action; the sweat glands to throw out more impurities.

Our illustrated book of 36 pages will tell you what is the matter and what to do. Its free for the asking. Quart bottle, $1.00.

ESCAPED FROM THE PEN.

Will Garrett, Serving a Ten Year Sentence for Highway Robbery.

Though the authorities at the penitentiary have given out nothing concerning the escape of Will Garrett, of Rowan county, who was recently sent here to serve a ten year sentence for highway robbery, the news of his escape has been given out and the one to tell it was none other than the escaped prisoner.

The sheriff of Rowan is in search of the man and the Salisbury Sun says Garrett will be taken dead alive if he can be found in that county. Garrett now carries a Winchester, that he defied everybody and boasted of the fact that he escaped from the penitentiary within a week after being sent to that institution.

The penitentiary authorities have been asked if it were true that Garrett escaped within a week after he was brought here. They say he had served about a month's time and was sent to Caledonia to work on the farms. He had been at the farms only about a month. They do not know where he got the Winchester.—News and Observer.

HUNG IN EFFIGY.

McKinley and Mark Hanna Are so Treated at Richmond.

Richmond, Va., March 30—In the western suburbs of the city tonight, a crowd, headed by Wm. Hattess, a well-to-do butcher and well-known democratic worker, hanged and burned President McKinley and Senator Mark Hanna in effigy. The crowd called themselves the "Pie Hill Brigade," and during the performance Hattess mounted a box and made a funeral oration. He criticised the president and Hanna severely, asserting that they had by their failure to call upon Spain to at once cease hostilities in Cuba, dishonored this country and the offices they hold. He was loudly cheered as he made this statement, and in order, he explained, to emphasize his disgust at the manner in which the Spanish question has been dealt with, he jerked a pistol from his pocket and opened up a fusilade upon the figures, fairly riddling them with bullets. This was a signal for the rest of the crowd to do likewise.

Baltimore 6; Charleston 6.

Charleston, S. C., Mar. 30—Charleston's Southern League team played the Baltimore Orioles to a standstill at the ball park here this afternoon. After nine innings the score stood: Charleston 6, Baltimore 6.

Batteries: Kimble, Heiberg and Goodheart; Kitson, Pond and Clark.

Free trial bottles at C. E. Holton's drug store. Regular size 50 cents and $1.00.

PERSONAL AND SOCIAL.

E. E. Hunt came in this morning from Mocksville.

R. J. Galloway, of Mt. Airy, was in town this morning.

Eugene Albea, of Winston, was here this morning.

J. D. Church, of Charlotte, was registered at the McAdoo today.

T. L. Rawley, of Winston, was here this morning going to Reidsville.

Ed. Smith, of Winston, was here this morning going to High Point.

Eugene E. Gray, of Winston, came down this morning and went south.

J. B. Sneed returned to the city last night from a protracted business trip.

L. E. Steere, of Salisbury, was in the city last night, stopping at the McAdoo.

S. Otho Wilson was in the city last night returning to Raleigh from Winston.

C. D. Riddle, of Siler City, spent the forenoon in the city today purchasing buggies for his livery business.

The Way He Shot.

A Texas military company was out out the range recently practicing at rifle shooting.

The lieutenant in command suddenly became exasperated at the poor shooting and, seizing a gun from one of the privates, cried sharply:

"I'll show you fellows how to shoot!"

Taking a long aim and a strong aim, and an aim together, he fired and missed. Coolly turning to the private who owned the gun, he said:

"That's the way you shoot."

He again loaded the weapon and missed. Turning to the second man in the ranks he remarked:

"That's the way you shoot."

In this way he missed about a dozen times, illustrating to each soldier his personal incapacity, and finally he accidentally hit the target.

"And that," he ejaculated, handing the gun back to the private, "is the way I shoot."—Los Angeles Express.

North Carolina Sentiment.

Hon. W. W. Kitchin, the only democratic member of congress from North Carolina, has correctly stated the sentiment of the people of his state, says the News and Observer, in the following interview in the New York World:

"The message seems disappointing. It did not impress me. There were no suggestions—only a tame recital of facts, some of which were known before. I represent a conservative people, who are in favor of peace, but with honor—I might say almost at any price. But they think as I think, that the time has come to recognize Cuban independence. If war becomes necessary to enforce it, as I do not believe it is, let us have war."

Flotilla Surely Coming.

London, March 30—Mail advices received here today from Las Palmas, Canary Islands, under date of March 23d, confirm the Washington advices of the sailing of the Spanish torpedo flotilla. The letters received here say that on that date three Spanish torpedo boats, three torpedo boat destroyers and their escort, the transport Ciudad de Cadiz, received telegraphic orders to proceed to Cuba.

Bicycle Ordinance.

At a meeting of the board of aldermen held on the 25th of March, 1898, the following ordinance was passed:

Be it ordained by the board of aldermen of the city of Greensboro, N. C., that it shall be unlawful for any person to ride a bicycle on the streets or public squares of the city after nightfall without having a lighted lamp or signal light. Any person violating this ordinance shall upon conviction be fined $5.00.

C. G. Terry, of Fayetteville, spent last night in the city at the Benbow.

Chas. F. Dalton, representing Dalton, Farrow & Co., Winston, was in the city last night.

Editor W. C. Phillips, of the Pinnacle Era, was in town today and paid the Telegram a visit.

Don't forget the Ninth grade entertainment in the graded school hall this evening at 8:30 o'clock.

Miss Cora Totten, of Kernersville, is in the city visiting at the residence of J. Willie Smith and family.

R. E. Andrews has moved from Schenck street to 834 West Market opposite Greensboro Female College.

Rev. Dr. Chas. W. Byrd, of Asheville is spending the afternoon in the city enroute home from Chapel Hill.

The residence of W. W. Wood, Sr., on North Spring street is being enlarged by an addition of two rooms.

Claude C. Barbee, manager of the Telegram Bureau at High Point, came over to see the Bostons play this afternoon.

The Private Secretary Company came in on 36 today. The curtain goes up tonight at the Academy of Music at 8:30 o'clock.

Mrs. H. N. Brown, of Hillsboro, mother of Mrs. J. E. Gay arrived in the city at noon today and will spend sometime with her daughter on McCulloch street.

The Bostons took advantage of the sunshine this morning and spent an hour in practicing at the grounds. They leave tomorrow and play Danville in the afternoon.

Greensboro will soon have another doctor added to her list of professional men. Dr. Harry Wilson, of White Plains, N. Y., has decided to locate here. He will arrive during the first week of April.

Mrs. Cotton, who delivered the address before the alumnae at the Female College last May, will deliver another lecture at the College on Friday night April 8th. Further announcements will be made later.

The Boston regulars and colts began their game this afternoon just as The Telegram went to press. We are not able to say anything in regard to the score but we know that all who witness this game will see the best game played here by the champions.

A party composed of Mayor Nelson, Sam Gilmer, E. Jacobs, Mr. Brooks and Happy Jack Stivetts and Klobedantz, the latter two of the Boston ball team, took an old time rabbit hunt this morning. The party bagged only four little Mollie Cottons. They returned to the city about 12 o'clock with good appetites.

Invitations have been issued for the marriage of Miss Mary Ferguson to Mr. Edwin Lacy Clarke, at St. Andrews church on Thursday morning, April 14th, at 11:30 o'clock. Miss Ferguson is the daughter of Mr. and Mrs. J. J. Ferguson, and Mr. Clarke is bookkeeper for the Cone Export and Commission Company.

Prof. Hamill's Lectures.

It was unfortunate for the good people of Greensboro that yesterday and last night were so inclement. Notwithstanding the disagreeable weather an appreciative and cultured audience greeted Prof. Hamill, both in the afternoon and at night. It was a source of regret to many that they were not able to attend.

The afternoon hour was devoted to a discussion of the "Art of Teaching." While there was no effort at oratory or display, the talk was intensely interesting from the beginning and every experienced teacher felt encouraged and helped by it.

The subject of the address at night was the "Works of a Good Sunday School." The speaker said he had found no model schools in his extensive travels but many good schools, and he thought he could recognize the fact that the Sunday school work everywhere is growing and widening its influence, notwithstaning the opinion of Mr. Edward Bok, of the Ladies Home Journal, to the contrary.

Alabama leads the Southern states and Memphis, Tennessee, occupies first place among the cities of the South in Sunday school work. Many interesting facts and helpful suggestions presented by the able speaker will serve as an impetus to all of Greensboro's Sunday school workers.

BATTLE GROUND ROAD AGAIN.

The Telegram's Informant Wishes a Hearing.

Messrs. Editors:—A member of the board of county commissioners attempts to discredit your informants facts in regard to the apathy and indifference of the board of commissioners in regard to the Battle Ground road, and your informant has been looking into the record of the board minute book, page 297, which says:

"A petition was presented, signed by a few men to improve the road leading to Guilford Battle Ground from Greensboro—no action taken on said petition." Some of the fifteen men ("not the few") who signed it were R. R. King, John Barringer, L. M. Scott, Ed L. Ragan, J. W. Scott. W. H. Matthews, J. A. Odell, Dred Peacock, W. P. Bynum, Robert Sloan. Gentlemen whose names ought to command respect and a respectful action in anybody, but "no action was taken" then or since, as the records well show.

"The piping was furnished" not by the board of commissioners, but by the terra cotta company. On the 14th of February A. A. Hinton gave to the president of the Battle Ground company an order to have the piping put in. Mr. Hinton is chairman of the trustees of Morehead township. The work was done by day laborers at low prices and at the March meeting of the board thre account was presented to the board to be audited. The chairman of the board without even placing the account before the board handed it back saying "we pay no such bills." This is the board's relation to the Battle Ground road. The board has not "promised the Battle Ground company services of an engineer" at any time or place and there is no record to support the allegation that they did so.

The Battle Ground company returns its thanks to Mr. G. Will Armfield, who was and is willing to do honor to the county by repairing the Battle Ground road. If the board intends to repair the road they need not wait for the Guilford Battle Ground company. It is the county's duty to have it repaired.

"A SIGN OF WAR."

Seen By Citizens of Greensboro This Morning.

About nine o'clock this morning a beautiful red kite was sent up from the vicinity of the Presbyterian church. It rose to an altitude of about half a mile and stood majestically in the brisk March breeze, making a very pretty sight in the bright morning sun light. Dozens of people viewed it in admiration.

While the kite was being thus admired by many there were some who did not look upon it with feelings of so much pleasure. A colored man's attention was directed to it and he instantly exclaimed:

"Oh, Lord, dat's a sign o' war."

He was told it was only a kite and looking long and earnestly at it again said with additional emphasis:

"No sah, dat's no kite. Doan' you see it got no strings tied to it an' no tail? Kites allus have tails or dey won't fly. Dat's red, an' kites is allus white. It's a sign o war."

A student plied a college professor with a series of questions to each of which the professor laconically replied "I don't know."

"Why," finally said the student, "I thought we were sent here for you to tell us what we don't know."

"Young man," replied the professor you are sent here for us to tell you what we know, and that is soon done. To tell you what you don't know would be an endless undertaking.

—o—

It is somewhat that way in writing advertisements, we can soon tell you what we know, or can think of, that will interest you; but if you should come down and look through you will find an endless variety of useful articles that you had no idea that we kept in stock.

—o—

Did you seen the exhibit of the Universal Food Chopper a few days ago? It is a most wonderful machine. It will do as many things as a magician can perform tricks. You would be surprised to see the tricks it will do It chops beefsteak, grinds coffee, crackers, and in fact anything you can get in it, except horse shoes, lamp chimneys and the like.
